

Pins

Product 150128 Future Primitive 521 T-Type

Safety Data Sheet for Pins

Use: Lapel pins are used to decorate clothing, bags or other textiles or to serve as identification badges.

Materials: Lapel pins are typically made of metal (e.g. stainless steel, brass), plastic, enamel, and dyes.

Risks:

Risk of injury: Sharp tips can cause puncture injuries.

Choking hazard: Small parts can be swallowed, which can be particularly dangerous for children.

Allergic Reactions: Some materials may cause allergic reactions.

Security measures:

Handling: Handle the pins carefully and avoid improper use.

Use: Use the pins only for their intended purpose and keep them out of the reach of children.

Disposal: Properly dispose of damaged or no longer functional pins.

Allergic Reactions: Avoid contact with materials to which you have allergic reactions.

Storage Notes: Store the pins in a dry, safe place, away from direct sunlight and extreme temperatures.

First aid measures:

Stab wounds: Clean the wound thoroughly and apply a sterile compress.

Choking Hazard: Seek medical attention immediately if a pin is swallowed. Allergic reactions: Rinse the affected area thoroughly with water and seek medical attention if symptoms are severe.
