

Artificial cornea

Product 662802 Rock Tips Liquid Callus Formula, einzeln

Safety Data Sheet for Artificial Cornea

Use: This product is used to create a protective layer on the skin, similar to a natural callus. It is used to support the skin under special stress.

Ingredients:

water (aqua)

Polymers (e.g. polyvinyl alcohol)

Plasticizers (e.g. glycerin)

Skin care products (e.g. aloe vera, panthenol)
preservatives

Risks:

Risk of chemical burns: May cause irritation in contact with eyes or mucous membranes.

Allergic reactions: Some ingredients may cause allergic reactions.

Danger of poisoning: May be harmful if swallowed.

Security measures:

Handling: Use the product only according to the manufacturer's instructions.

Use: wear protective gloves and avoid contact with eyes and mucous membranes.

Storage: Store the product in a cool, dry place, away from direct sunlight and out of the reach of children.

Disposal: Dispose of the product in accordance with local chemical waste regulations.

First aid measures:

Skin contact: If skin irritation occurs, clean the affected area thoroughly with soap and water.

Eye contact: In case of eye contact, rinse eyes under running water for at least 10 minutes and seek medical attention.

First aid measures:

Skin contact: If skin irritation occurs, clean the affected area thoroughly with soap and water.

Eye contact: In case of eye contact, rinse eyes under running water for at least 10 minutes and seek medical attention.

Inhalation: If inhaled, provide fresh air and seek medical attention if you have difficulty breathing.

Ingestion: If swallowed, seek medical attention immediately and have the product packaging ready.
